BACK BROKEN, GETTING WELL.

First Successful Operation on Record in New York Hospital.

New York, March 15 .- Lying with his back broken since February 21, when he fell under the wheels of a truck in Fifth TO PERFFCT RATE avenue, Aloys J. Hartman, a letter carrier, has been operated on in the New York hospital and is on his way to complete recovery. Recently an X-ray examination showed that there was a complete fracture of the first lumber ver terbrae. Dr. James P. Fiske, and Dr. J. Wallace Beveridge, members of the hospital staff, were selected to operate. Aware that the slightest movement of Hartman might cause injury and immediate acceptance of the state of the state of the state. diate paralysis of the spinal cord, with fatal results, the surgeons suspended him with bands beneath his chin and arms. Then the fractured bone, situated in the small of the back, was drawn into position, and a plaster cast from arm-pits to thighs was fixed about him.

Hartman's case is, according to the hospital officials, the first known in medical surgery.

The eczema was something terrible, and the doctors said it was the worst case they eczema was somelling terrible, and the doctors said it was the worst case they ever saw. At times his whole body and face were covered, all but his feet. I had to bandage his limbs and arms; his scalp was just dreadful. I used many kinds of patent medicines before trying the Cuticura Remedies, but all to no avail. A friend teased me to try Cuticura. At last I consented, when my boy was three years and four months old, having had eczema all that time and suffering untold misery. I began to use all three of the Cuticura Remedies, the Cuticura Scap beiped as well as the Olutiment. He was better in two months; in six months he was well, but I gave him the Cuticura Resolvent one year — using twelve bottles, I think — and always used the Cuticura Scap for bathing, and do now a good deal. egan a ten days' sentence in Chittenden county jail vesterday for conviction for intoxication before Justice J. T. Stearns, Williams not being able to pay the fine of \$5 and costs of \$15.13 asessed after his plea of not guilty. Willams put up a remarkable yarn about the way he was treated by thugs in Burlington. He said he was not drunk. All he had to drink, he said, was a glass of beer in Winooski and another in Burlington. He had \$25 in his clothing, he maintained, but he was sandbagged by two unknown men on Battery street and robbed of his cash. The testimony of the police was to the effect that Williams was found at the railway station about 1:30 o'clock in the morning in an intoxicated condition, and that he had a distinct whiskey breath. It took two men to escort him marks on Williams' face, but like the "birds on Nellie's hat," they had been there a long time. These facts influenced the court to describe that Williams was guilty of intoxication and its shows. liams was guilty of intoxication and the fine above mentioned was imposed.

Are Patent **Medicines Frauds?**

We are often asked the above question, and our answer has invariably been that no medicine that gives satisfactory results could be fraudulent. We could not afford to sell fraudulent medicines. Our business depends on pleased customers-in fact any business does. Therefore, we would take an enormous risk did we not fulfil every promise made our customers. We are very careful of what we guarantee, and when we do guarantee an article we must know it pretty well-what it contains and how it is made. We have in mind the Rexall line of remedies, particularly Rexall Mucu-Tone, of which we are selling large quantities at this time of the year. Mucu-Tone is one article that we can recommend over our counter and know that ninety-eight per cent. of its pur-chasers are going to be benefited and will return to our store pleased customers. Mucu-Tone is a positive cure for internal scrofula or what is commonly called Catarrh. It is without a doubt the peer of all tonics for any one who is suffering from a run-down condition, can't work, feels constantly tired or suffering from the more plainly described symptoms of Catarrh-such as stopping of the nose, cold in the head or bad cough."

It must be remembered that Catarrh is not confined to the nose and throat. It usually starts there, but it leads more often to serious trouble, particularly the wasting of tissues, as in the case of little Miss Dillon, of Albany. Here is a letter from her father:

"My little girl had catarrh so badly that the disease had begun to eat into the cartilage of the nose. Snuffs and instruments failed to do more than give temporary relicf. I saw the advertisements of Rexall Mucu-Tone, but I could not believe that anything taken in the stomach could cure the sore membranes of the nose. However, I took advantage of your free trial offer and my girl began taking your remedy according to directions. I want to say right here that Mucu-Tone is certainly the greatest medical discovery of the times, and to thank you for the liberal offer that first induced me to give it a trial. Muco-Tone has cured my daughter's catarrh completely. The discharge has stopped altogether, and her breath is as sweet as can be. Again thanking you, MATT. DILLON, 24 N. Swan St., Albany, N. Y."

We are selling a large trial bottle of Mucu-Tone for fifty cents on the famous Rexall guarantee of your money back if you are not satisfied. We promise that one bottle will put flesh on your bones and bring new vitality to your system.

A REASON

The United Drug Company, manufac-turers of the Rexall Remedies, for whose preparations we are agents in this city, make agents in this city, thate 200 remedies, one for each ill. Each one is especially prepared to cure one disease, and that only. This is an age of specialists. You don't contract with a plumber to build your whole house, do you? whole house, do you? Why should you contract with one proprietary medicine to cure all your troubles?

Oftentimes you run across a building contractor who has a separate plumbing department, his own plastering department, and so on, all of which dovetail to achieve and build the gether and build the house. This is just what the United Drug Company is doing for you in the medicine line. They have cut down profits; they manufac-ture Rexall Remedies for over 2,000 retail drug-gists. These druggists are the only intermediate re the only intermediate profit that stand between The United Drug Company and the patient.
Could the United Drug Company, of which we are a member, afford to

make one poor medicine in this line? Does not common sense tell you that one poor medicine would ruin the sale of the other 199 prepara-tions? If you bought a Rexall proparation and it didn't do for you what we claim it will, would you buy another one of our articles? We believe not. Therefore each preparation must be good—it is good. We who are in the drug business know the formulas of these Rexall preparations. We believe in them so implicitly that we stand back of them, with our guarantee to refund you your money if they do not benefit
